he decided to surf the net reading "how 2 git gud in 420 days Only!" halfway through reading he felt the need to wank

so he searched up "scrubs getting rekt in tf2 Xddd" for his pleasure he started beating his meat when he felt a strange connection to his laptop

without thinking he started throbbing his holy mackerel on his laptop screen moaning with pleasure and saying " rek those scrubz Xddd"

and without knowing it pixel was in love with his laptop he started doing this morning and night again and again he stopped talking to his family and friends (He didn't have much friends)

he became obsessed selling his tf2 items for new laptops before he knew it he had a collection

he became a shut-in spending all of his time making love to his laptops, when suddenly ETHAN BRADBERRY broke in the window

but ladies and gents the window wasn't the only thing broken that day ETHAN BRADBERRIES heart was broken too ETHAN BRADBERRY started crying and ran out of the window without looking back

his last breath "you didn't love me like you loved your
